Press release
Syrian Coalition
Media Department
March 30, 2018

The Syrian Coalition stresses that the Syrian embassy in Qatar continues to operate as usual. Reports about the Coalition's reception of a notification to close the embassy are malicious, unsubstantiated rumors.

The Syrian Coalition express its deep appreciation for the support and facilitations our Qatari brethren are providing for the work of the Embassy and the Syrian community in the State of Qatar. The Coalition also greatly appreciates Qatar's generous support for relief operations for the internally displaced people and Syrian refugees abroad.
