In response to the legitimate demands of the Syrian people in their struggle for freedom, a meeting was held between the President and members of the National Coalition of Syrian Revolution and Opposition Forces and the Chief and members of the Syrian Military Joint Command.

The present members reaffirmed the popular demand of toppling the regime and all its figures, dismantling the Assad loyal security forces, and empowering the Syrian people to take their destiny into their hands and defend themselves by bringing down the regime and accelerating the forming of the interim government to end the suffering of the Syrian people.
