Media Statement
Syrian Coalition
Istanbul, Turkey
August 5, 2013

The Syrian Coalition calls on the UN chemical weapons inspection team to investigate Adra, in rural Damascus, for Assad's use of toxic gas against civilians.

The Syrian Coalition reiterates its commitment to fully cooperate with the team's mission to gather evidence on the use of chemical weapons.

Continued international inaction leaves the lives of thousands of Syrians in danger. The Syrian Coalition denounces international negligence in regard to Assad's use of chemical weapons and urges the international community to deliver on their promises to put an end to Assad's crimes.

It is absolutely unacceptable that the international community continues to be passive and negligent in regards to the critical situation in Syria.

We ask for mercy for our martyrs, health for our wounded, and freedom for our detainees.

Long live Syria and its people, free and with honor.
