Translation:

My opinion with all modesty is that we should tighten the security grip and to start an operation to restore state power and authority in Idlib and Hama countryside using all possible means. Those who have come to conclusions based on the Arab League meetings only wanted to give impetus to the street in these areas and this is the utmost limit of their capabilities.

And if the saboteurs do not sense the state power, the Arab plan will lead to a very bad result.

I have met [XXXXXXXXXXXXX] before the departure to Homs and it was positive and we agreed on a work plan to deal with the Allawi street. I will be back to Damascus within 48 hrs to visit [XXXXXXXXXXXXX] to brief him on the net shield.

With all love and respect

Khaled (attached a picture for the net shield)
