The number of documented victims who had been killed during the heinous attack on the city of Banyas and its surrounding villages has reached 500 people. The victims were either shot execution style, slaughtered with knives, stoned to death, burned alive, or bombarded with missiles and guns. Additionally, the Shabeeha destroyed homes over the heads of the occupants in the village of Al-Bayda.

Below is a collection of links to document the grievous crimes committed. These links have been authenticated by the city councils:
